SUMMARY OF RECOMMENDATIONS BY DEPARTMENT FY 2005 and 2006 Appropriations from General Fund and School Funds (In Thousands of Dollars)

Continued from previous page

- (a) The Supplementals column represents recommended changes to Authorized FY 2005.
- (b) The Recommended FY 2005 column is based on updated revenue projections and includes recommended supplemental appropriations.
- (c) The Base FY 2006 column is the FY 2005 appropriated amount adjusted for one-time FY 2005 appropriations and program transfers between departments.
- (d) Recommended adjustments are shown in more detail in the individual department sections of the book, and include internal service fund rate changes, employee compensation and benefit rate adjustments, and ongoing and one-time program increases.
- (e) The Recommended FY 2006 column includes Governor Walker's budget recommendations for FY 2006.
- (f) The percent change is the difference from the Base FY 2006 column to the Recommended FY 2006 column.
- (g) The 50.7 percent increase is largely due to \$4.0 million one-time funds for the LeRay McAllister Critical Land Conservation Fund and \$1.1 million to restore General Fund that was replaced temporarily with other funds.
- (h) The 18 percent increase is largely due to \$5.0 million in ongoing funds and \$5.0 million in one-time funds for the Comprehensive Health Insurance Pool, \$3.4 million in one-time funding to meet increases in General Assistance and Food Stamp caseloads, \$1.5 million in child care matching funds, and the employee compensation package.
- (i) The 11.9 percent increase is largely due to expansion of prison beds at the Draper dormitory, increased jail contracting, county jail reimbursement and core rate increases, caseload growth in Juvenile Justice Services, and the employee compensation package.
- (j) The 22.4 percent increase is largely due to \$5.0 million for the Hill Air Force Base Defense Alliance and \$1.0 million for the Centers of Excellence.
- (k) The 34.5 percent increase is largely due to a one-time recommendation of \$2.1 million for high-level nuclear waste opposition and the employee compensation package.
- (1) The 14.4 percent increase results largely from funding caseload growth, inflation, and match rate changes in the Medicaid program.
- (m) The 12.8 percent increase is largely due to \$4.3 million for the Drug Offender Reform Act, \$3.3 million for local mental health authorities to replace lost funding due to Medicaid policy changes, recommended services for individuals with disabilities currently on a waiting list, increased adoption subsidies, and the employee compensation package.
- (n) The 20.8 percent increase is largely due to maintenance cost increases for armories and tuition assistance for National Guard members.
- (o) The 10.5 percent increase is largely due to increased funding for operating expenditures in state parks and the employee compensation package
- (p) The 12.2 percent increase is largely due to in-car technology enhancements, building leases, and the employee compensation package.

Table 6 shows the budgeted use of major state tax revenue (sales and income taxes) by state agency. It is a summary of the department tables found in a following section.

Table 7 on the following page shows the budgeted use of all sources of funding by state agency. It is a summary of the department tables found in a following section.

GUIDE TO OPERATING AND CAPITAL BUDGET TABLES

The departmental operating and capital budget tables show actual revenue and expenditures for the past fiscal year (FY 2004), authorized and recommended revenue and expenditures for the current fiscal year (FY 2005), and recommended revenue and expenditures for the budget fiscal year (FY 2006). The guide below illustrates how to read these tables.

GUIDE TO RECOMMENDATIONS TABLES

These tables show in detail the governor's recommendations for base budget adjustments, ongoing program appropriations, one-time program increases, and supplemental appropriations. Ongoing program appropriations authorize expenditures on a recurring basis. One-time program increases are expenditures on a non-recurring or limited basis. Supplemental appropriations are adjustments to authorized expenditures in the current fiscal year only.
